

December 7 2020

Dear Citizens of the City of Lovejoy:

It is my hope that all of you are staying safe during the COVID-19 world pandemic. As we are entering the colder months, and the holidays are in full effect, I strongly urge you to remain vigilant and aware of your health and the health of others.

Travel may surge during this time, and your level of getting and spreading COVID-19 is increased. The CDC guidelines concerning travel can be found by visiting the following link:

<https://wwwnc.cdc.gov/travel/notices/covid-4/coronavirus-georgia>

Please monitor the Georgia Department of Public Health's website to view daily statistics. This data is updated each day at 3 p.m.

<https://dph.georgia.gov/covid-19-daily-status-report>

City of Lovejoy offices remain open with limited hours, staggered work shifts, and safe practices in place. You are encouraged to visit our website for services or requests that can be handled electronically. We thank you for your patience as we continue to work through this difficult time. Please check the City's website for updates.

Please do your part to slow and prevent the spread of COVID-19.

Sincerely,

Bobby Cartwright, Mayor
City of Lovejoy
